Spherical Stitches

Start Your Collection

I have been creating Circles and Spheres in paper designs and also in Stitch for a long time.

I love making stitch collections. Placing them in an Original Fabric Sample book provides a place in which they all belong. The Stitched Books are beautiful in their own right. In session 1, I will introduce the book and how to cut and paint the fabric. The background fabric for the stitches will be felt and the stitches will be worked in your hand rather than a hoop.

Treat yourself to the luxury of creating stitches. Gail

My Approach to Hand Embroidery

My approach to hand embroidery developed through my own experience teaching design, textile and extended certificate courses to a variety of people over 30+ years in the U.K., U.S. and Canada. The needle is similar to a fine pen or pencil - in other words, an art tool. It is possible to create designs on all types of fabrics and papers. The visual effects are so exciting and limitless.
