Art and Design - Level 1

Enrich your life, heighten your awareness, and open up a new world of creativity.

Students Come from all Walks of Life

Teachers, craftspeople, librarians, accountants, weavers, quilters, professional and amateur artists of textiles and paint, and in general anyone who has an interest have attended these courses. 99% of our students have no previous background in the field of art before they attend.

Develop Understanding of Art

Students learn by looking at and practicing with a range of different art media (tools and materials) to try out concepts and also build their own individual visual glossary. A range of diverse artwork is viewed and discussed in the classroom. Artwork exercises are analyzed to develop understanding. The concepts from this course are easily adaptable to student's individual work.

About the Course

The number of sessions scheduled and the duration over which they are offered is a reflection of the breadth and depth of the content this course covers. Each class session is geared to the introduction of new material.

Those who successfully complete the program - level 1A and Level 1B to the required standard will be awarded the Gail Harker Center for Creative Arts Level 1 Art and Design certificate.

Your Possibilities And Prerequisites

Anybody can do these courses. No special skills are needed.

Level 1A is completed in 7 online sessions. If you are new to design, register for this one first.

Level 1B is completed in 6 sessions and may be registered for at the same time as Level 1A or closer to the start time of the Level 1B sessions.

Level 1A—Art and Design

Class name – Chives

Ways of Working

Videos and power point presentations are part of each online session. Students are then given access to presentation and materials after each session. Exercises will be analyzed and described as they are presented. This is an opportune time to ask questions and discuss art.

Design Glossary – Learn a new way of understanding and expressing what you see and feel about an artwork. Begin a new vocabulary that replaces words and expressions like: *I like that* with more substantive descriptions of artworks.

New Beginnings in Art and Design – Level 1A

Level 1 provides the basics and foundations for designing. Learning to understand and utilize art and design skills will answer all aspects of art creation whether on a miniature or large scale project.

Elements of Art and Design in Sketchbook Study

- * Explore The Elements of Art and Design in sketchbooks with photos and your own playful doodling illustrations. Learn about art symbolism as you progress. Develop sketchbooks and notebooks to explore and display ideas. Much of the artwork is done with either a sketchbook, black and white paper, tracing paper, graph paper, scissors, pencils and colored pencils, pens and felt pens.

The Tutor

Gail Harker, LCGI, is a Canadian who resided for nearly 20 years in Britain, until returning to the US in 1995. She moved to Britain in 1976 with her American husband and family. She studied art in Canada, England and Scotland. She completed both Parts 1 and 2 (Diploma) of the City and Guilds Design and Embroidery course with *Distinction* in both parts. She was awarded the Senior Qualification of Licentiate (LCGI) by the City & Guilds Institute. Gail has previously been a teacher of several City and Guilds Embroidery courses, and was, for several years, a City and Guilds External Verifier for various colleges in Great Britain. Since moving to the United States and for the past 25 years, she has taught and directed at the Arts Center she founded in Washington State. Students have participated in Certificate and Diploma Classes in Design and Embroidery from all parts of North America.

My Approach to Art and Design

My design approach developed through my own experience teaching design, textile and extended certificate courses to a variety of people over 30 years in the U.K., U.S. and Canada. I personally consider Art and Design to be one of the *Eight Wonders of the World*. Almost anyone can learn to wield a paintbrush, use a pencil, needle or learn art making skills and techniques. It is only when these skills are linked to art and design that we begin to understand what makes an artist. *Gail Harker*
