25 + Ways to Create Art Fabric

A New Online Course

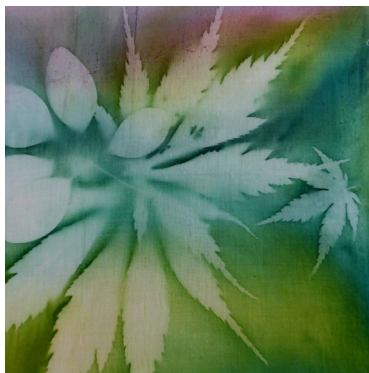

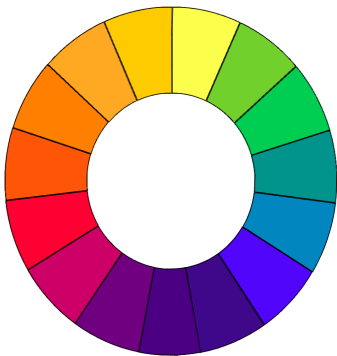

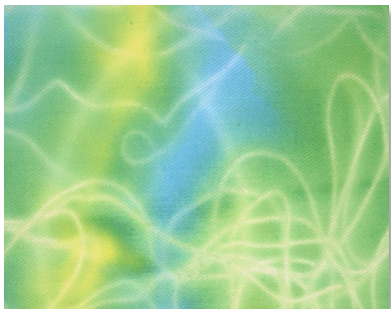

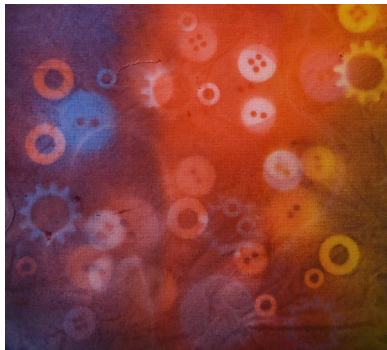

\$260.00

I have been evolving imaginative painting, printing and resist methods using traditional, non-traditional, and unconventional materials for over 30 years. Passing these specialist tips and tricks on to my students while working together in the studio has been a joy. This is the first time I have offered this course online. The result of the course is to produce an incredible compendium of unique colors, patterns, textures and techniques in fabric samples and your own photos. Students may decide to use these fabrics as visual reminders of the process or for creating other artwork.

25 + Ways to Create Art Fabric

Who is this Course for?

Anyone who would like to learn more about Color and creating custom art fabric. The colored fabric can either stand on its own as an art item or used as a background for other artwork such as appliques collages, embroidery, or quilting. You will be able to record your work by simultaneously keeping a Sketchbook (Journal)

Create in Your Own Environment

The course focuses on creating 25+ small art fabrics using (mostly) fabric paints. Rich color renderings produce enlivened color and textural qualities that can be used for symbolism and storytelling. For some of you this may be the first time you have worked with these methods in a more complex way. You do not need special equipment to work as I will provide full instructions on how to set up a controlled workspace within your home.

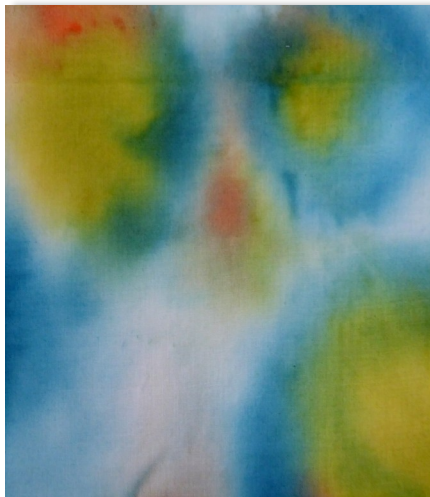

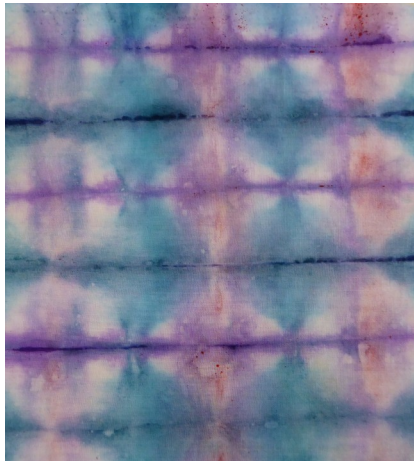

Layers of Color, Resist Images and Other Effects

Students will be designing and painting in the following areas: *Layers of Color*, *Resist Images* and *Other Effects*. *Other Effects* include overprinting and use of other media such as colored pencils, fabric pencils, crayons, and pens.

Fabrics Make the Difference

Fabric type and quality play a large part in the varied visual effects that can be accomplished. Each fabric has a characteristic feature of its own. Four unique fabrics will be recommended but you can add more and play with others if you like. I will be demonstrating and talking about several fabric types. I will focus on the painted fabric from the method of paint application to the *feel* (hand) of the fabric after it is painted to how fabric is dried and color fixed. There is a wealth of material in the form of Power Point Presentations and videos that will be processed in each online class session and then sent to students after each session.

About Your Tutor

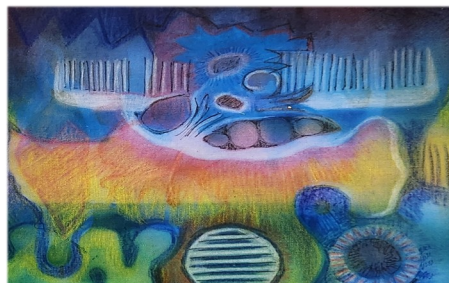

Gail Harker, LCGI,

Gail is a Canadian who resided for nearly 20 years in Britain, until returning to the US in 1995. She moved to Britain in 1976 with her American husband and family. She studied art in Canada, England and Scotland. She completed both Parts 1 and 2 (Diploma) of the City & Guilds Design and Embroidery course with *Distinction* in both parts. She was awarded the Senior Award of Licentiatehip (LCGI) by the City & Guilds Institute. Gail has previously taught City & Guilds Embroidery courses, and was, for many years, a City & Guilds External Verifier for various colleges in Great Britain. She has authored five books: *Embroidery Skills: Machine Embroidery* (published internationally in five languages), *Fairy Tale Quilts and Embroidery*, *Christmas Stitches*, *Creative Machine Embroidery* and *Tassel Making*. She is a contributing author to: *Starting to Stitch Creatively* (Batsford and the *Merehurst Book of Needlework*. Since moving to the United States she has directed and taught at the Arts Center she founded in Washington State - Gail Harker Center for Creative Arts. She has taught Certificate and Diploma Courses in Design and Embroidery to hundreds of students from all parts of North America.

My Approach to Art and Design

My approach to art and design developed through my own experience teaching design, textile and extended certificate courses to a variety of people over 35+ years in the U.K., U.S. and Canada. It is possible to create designs on all types of fabrics and papers. The visual effects are so exciting and limitless. Gail
